Acrobat®
Standard

● Convert any document to a PDF file

for Microsoft® Windows®
Operating Systems

● FUJITSU TWAIN Driver

PFU Limited, a Fujitsu company, has determined that this product meets the ENERGYSTAR® guidelines for energy efficient. ENERGYSTAR® is a registered trademark in the United States.

QUALITY SCANNER

New and improved features

■ Able to scan an incredible 125 double-sided pages per minute! (300dpi)

Use of high speed CCD image sensors along with the latest in image processing circuitry enables the fi-5900C to scan color A4 documents (landscape) at a speedy 125ppm/250ipm (300dpi). Incorporating all of this technology into the fi-5900C enables it to digitize an incredible one hundred thousand pages a day.

■ Efficient pre and post scanning processing!

The fi-5900C's ability to scan mixed batch documents containing paper of varying sizes, weights and colors virtually eliminates pre-scanning preparation needs. Also, the fi-5900C is equipped with an "active stacking tray" that automatically maintains a constant height, ensuring that scanned documents are always stacked in a neat and orderly fashion. The result is ever greater scanning efficiency for the user.

■ Eliminates multi-feed caused lost scanning time

The fi-5900C is armed with ultrasonic multi-feed detection sensors that detect whenever two or more sheets of paper have been simultaneously fed into the scanner. These sensors detect multi-feeds, even when scanning mixed batches containing paper of varying weights, sizes, colors and tones, thus guarding against potential scanning time losses before they even occur.

■ Includes the newest "ScandAll PRO" image capturing software

"ScandAll PRO" image capturing software is loaded with many useful scanning supporting functions.

Major features:

- High speed image display, multi-image display and thumbnail image display
- Searchable PDF, compressed PDF, password protected PDF, single page display PDF and PDF/A (ISO-19005-1)

■ Image processing functions

The included Virtual ReScan (VRS) and unique image processing board enables users to:

- Convert documents containing colored backgrounds or shaded areas into highly legible monochrome images.
- Automatically delete blank pages, rotate images so that each one is facing the proper orientation and automatically control contrast.
- Suppress background noise and gradation to generate cleaner images that require less file size.
- Create excellent images—even if they are not imaging experts.

■ Pre and post imprinter options

Imprinter options have been offered for users with demanding document management and verification needs. The fi-5900C supports both an pre-imprinter (which prints on the front side of documents) and post-imprinter (which prints on the reverse-side of documents) option, both of which will greatly increase scanner usability.

TECHNICAL SPECIFICATIONS

Product name		FI-5900C	
Scanner type		ADF (Automatic Document Feeder) + Manual Feed	
Scanning modes		Simplex / Duplex, Color / Grayscale / Monochrome	
Image sensor type		Color CCD (Charge-coupled device) x 2	
Light source		White cold cathode discharge lamp	
Document size		Maximum: A3 Portrait (297 x 420mm or 12 x 17in.) Minimum: A8 Portrait (53 x 74mm or 2 x 3in.)	
Paper weight (Thickness)		A4 / Letter size or Smaller: 31 to 209 g/m ² (8 to 56lb) Over A4 / Letter size: 52 to 157 g/m ² (14 to 42lb)	
Scanning speed (A4 Landscape) *1	Color *2	200dpi	125ppm / 250ipm (120ppm / 230ipm) *3
	Grayscale *2	300dpi	125ppm / 250ipm (120ppm / 160ipm) *3
	Monochrome	200dpi	125ppm / 250ipm (120ppm / 240ipm) *3
Scanning speed (A4 Portrait) *1	Color *2	200dpi	100ppm / 200ipm (100ppm / 200ipm) *3
	Grayscale *2	300dpi	100ppm / 200ipm (100ppm / 160ipm) *3
	Monochrome	200dpi	100ppm / 200ipm (100ppm / 200ipm) *3
Paper chute capacity (A4 Landscape) *4		500 sheets (A4: 80g/m ² or 21 lb)	
Background colors		White / Black (Selectable)	
Optical resolution		600dpi	
Output resolution *5	Color (24bit)	50 to 600dpi (adjustable by 1dpi increments)	
	Grayscale (8bit)	VRS: 100 / 150 / 200 / 240 / 300 / 400dpi	
	Monochrome (1 bit)		
Output format		Color: 24 bit, Grayscale: 8bit, Monochrome: 1bit	
AD converter		1024 levels (10bit)	
Interface *6		Ultra Wide SCSI / USB2.0 / VRS *7 (Selectable)	
Connector shape		SCSI: Shield type 68pin (pin type), USB: B type	
Output mode (half-tone)		Dither / Error diffusion	
Voltage or voltage range		AC 100 to 240V, +10% / -10%	
Power		Operating: 250W or less (Sleep mode: less than 7W)	
Operational environment		Temperature: 15 to 35°C (59 to 95°F) Relative humidity: 20 to 80% (Non-condensing)	
Dimensions: Width x Depth x Height *8		540 x 540 x 500mm (21.3 x 21.3 x 19.7in.)	
Weight		50 kg (110lb)	
SCSI Terminator		Built-in	
Included drivers *9		TWAIN, ISIS™	
Environmental compatibility *10		ENERGY STAR® and RoHS	
Others	Multi-feed detection	Yes (Standard) ultrasonic multi-feed detection sensors x 3	
	Long paper scanning *11	863mm (34 in.)	
Included items		Document smoother, AC cable, USB cable, Setup CD-ROM, Adobe® Acrobat® DVD-ROM, Getting Started, QuickScan™ Pro brochure, Operator panel overlay, fi-5900C Convenient Operation, VRS CD-ROM	

*1 Actual scanning speeds are affected by data transmission and software processing times.

*2 JPEG compressed figures

*3 Actual scanning speed when using VRS.

*4 Maximum capacity varies, depending upon paper weight.

*5 Maximum output resolutions may vary, depending upon the size of the area being scanned and whether the scanner is scanning in simplex or duplex.

*6 Ultra Wide SCSI interface cannot be used simultaneously with USB2.0.

*7 VRS is supported by Windows XP Professional and Windows 2000 Professional operating systems.

*8 Excluding the ADF paper chute and stacker.

*9 ISIS™ does not support Windows 95.

*10 PFU Limited, a Fujitsu company, has determined that this product meets RoHS requirements (2005/95/EC).

*11 The fi-5900C is capable of scanning documents that exceed A3 sheets in length.

Options

Description	Parts number	Comments
Pre Imprinter (FI-590PRF)	PA03450-D700	The imprinter option enables users to print information on original documents for document management purposes. While the FI-590PRF (pre imprinter) prints information on the front of documents prior to scanning, the FI-590PRB (post imprinter) prints information on the reverse-side of documents after they have been scanned. Although both the FI-590PRF and the FI-590PRB may be attached to the same scanner unit, both imprinters cannot be used simultaneously.
Post Imprinter (FI-590PRB)	PA03450-D710	

Consumables

Description	Parts number	Comments
Pick Roller	PA03450-K011	Lifetime: Every 600,000 sheets or one year These rollers feed documents into the scanner.
Separator Roller	PA03450-K012	Lifetime: Every 600,000 sheets or one year These rollers feed documents through the scanner.
Brake Roller	PA03450-K013	Lifetime: Every 600,000 sheets or one year These rollers separate documents as they are being fed into the scanner.
Pad	PA03450-K014	Lifetime: Every 600,000 sheets or one year These rubber parts separate documents.
Print Cartridge	CA00050-0262	Lifetime: 4,000,000 printed characters FI-590PRF and FI-590PRB print head
