

iroda® MAXI PRO BLOW TORCH

This is a superb quality, professional grade blow torch. Featuring both gas & air supply adjustments, allowing the user to adjust the output from a gentle yellow flame to a roaring 1350°C high output blue flame. The 60mL tank will last up to 2 hours at mid setting.

FEATURES

- Huge refillable gas reservoir
- Safety ignition lock to prevent accidental lighting
- Includes handy bench stand for complete hands free operation
- Ceramic flame guard
- Wind-proof jet flame
- 12 month warranty

BUTANE REFILL

Recommended for Iroda® gas soldering products. Contains fewer impurities which may clog the filter and reduce the overall life of the filter.
