Solder-Pro 180 The Power Users Choice

T 2650

Supplied with a
7mm chisel tip &
1 refillable LEC

T 2652
Liquid Energy Cell

The Pro-Iroda 185W multi function gas powered tool is the latest in soldering, heating and brazing technology. Powered by a unique refillable "liquid energy cell" (LEC) which allows easy transportation, even by air!

The self standing design makes for easy soldering and brazing at high temperatures. It allows you to use both hands to hold components even on the most awkward jobs. Fantastic to use both in the field and at your workstation.

Specifications:

Soldering Temp:	550°C
Torch Temp:	1300°C
Length (including tip):	203mm
Weight:	560g
Gas capacity:	40ml
