

FreeAgent[®] Theater[™]

HD MEDIA PLAYER SOLUTION

Perfect for when you need to

Enjoy and share your photos, movies and music on your TV in the comfort of your living room

Highlights

- Dual-docking system eliminates fumbling with cables and connections
- Automatically syncs with new content on your PC
- 1080i High-Definition playback
- Dolby[®] Digital 5.1 audio surround sound support
- Intuitive user interface
- Customize slideshows with music and transition effects
- Directly connects to digital cameras*, USB flash drives, and additional external USB hard drives

* cameras supporting USB storage

The easiest way to move your photos, movies and music from your PC to your TV

Share and enjoy your memories in a comfortable, social environment such as your living room.

The Seagate[®] FreeAgent[®] Theater[™] media player solution consists of three components: a media player dock, a PC dock and a FreeAgent[®] Go portable hard drive. With two easy steps, you will be viewing and sharing your favorite photos, movies and music in no time!

With its unique dual-docking system, setup the device once and never hassle with cables again. Simply place the FreeAgent Go portable hard drive into the PC docking station and it automatically copies your photos, movies and music from the PC to the drive. Then docking the FreeAgent Go portable hard drive into the FreeAgent Theater media player, connected to the TV, puts your entire media library at your fingertips with 1080i High-Definition playback and crystal clear Dolby[®] Digital 5.1 audio surround sound support. With the front-mounted USB port, you can also plug your digital camera, USB flash drive or external USB hard drive directly into the FreeAgent Theater and enjoy the same high-quality viewing experience.

Navigating through your media library is intuitive with the FreeAgent Theater's user interface and compact remote control. Share your memories like a pro with easy to customize slideshows, transitions, background music and zoom feature for both pictures and movies.

Share and experience your memories in comfort with FreeAgent Theater.

Also available in a media player-only version for those who already own a FreeAgent Go portable hard drive or only desire to use the front-mounted USB port for digital cameras, USB flash drives or external USB hard drives.

FreeAgent® Theater™
