

BLACKARMOR® | WS 110

External Storage & Backup System

Interface USB 2.0

Capacities 1 TB, 2 TB

Perfect for when you need to:

- Have extra data storage space for your PC or server
- Back up files securely
- Recover your entire system from a PC crash
- Protect backed-up files with encryption

Business-grade backup solution for PCs and servers

Business-grade software, a reliable Seagate® hard drive and incredibly fast eSATA/USB connectivity make the BlackArmor WS 110 drive a powerful external storage and backup solution for your digital assets. The BlackArmor Backup software, preloaded on the drive, offers full-system backup, which includes the operating system, all of your programs, settings, email... everything! And, you can choose to safeguard your backed-up files with AES 256-bit US government-grade encryption.

If you accidentally delete a file or lose data due to a computer crash, you can recover individual files easily or revert your entire system back in time to before the problem occurred, all with the included SafetyDrill+™ recovery software.

The Try & Decide feature allows you to create a secure, controlled temporary workspace on your computer. You can try out new programs or change system settings without having to worry about losing data or damaging your system. When you have finished experimenting, simply decide whether to keep the changes or to discard the recent activity as if it never happened.

The BlackArmor WS 110 drive has the option of lying flat or standing upright to blend into your work environment.

Highlights

- eSATA and USB 2.0 for the fastest available data transfer rate
- Incremental and full-system, automatic backup for PC
- Backs up open files for greater protection
- SafetyDrill+ recovery software (bare metal restore)
- File and folder-level encryption for backed-up data
- Uses the same software package as all other BlackArmor products for ease of installation and management
- Built with a reliable Seagate hard drive
- Supports Windows® XP and Windows Vista®
- Lies flat or stands upright to complement your workspace
- 5-year limited warranty
