PLAYON!DVR^{HD}

Record.Play.Stream

Digital Video Recorder + Full HD Network Media Player

ACR-PV76120: Dual Digital Tuner

Available without HDD | 500GB | 1TB | 1.5TB

The world's first DVR + Full HD Media Player you can access remotely via the web. Record your favourite program, stream your favourite music, movies and photos.

- World's first Full HD Realtek chipset based model that comes with a dual digital tuner.
- World's first Digital Video Recorder and Full HD Network Media Player that allows you to remotely schedule your recording via the web.
- World's first HD GUI (Graphic User Interface) that is designed and built for an exceptional level of quality.
- Bittorrent client for downloading directly to the internal HDD.*
- Built in FTP server and HTTP server for remote access via the web for file uploading/loading.
- Front panel LED display that shows the current status of operation.
- Integrated eSATA host port allowing 6x faster transfer (compared to USB2.0) between the internal HDD and external eSATA HDD.
- Frequent firmware update advantage.

Record.Play.Stream

Digital Video Recorder + Full HD Network Media Player

ACR-PV76120: Dual Digital Tuner. Available without HDD | 500GB | 1TB | 1.5TB.

● FEATURES:

HDMI

Newest High Definition standard integrating digital audio & video. Full HD and supports up to 1080p for maximum picture clarity.

Dual TV Tuners

2 Digital TV (DVB-T) tuners so you can watch and record different channels at the same time.

DVB-T MPEG2 & MPEG4 H.264

Supports both MPEG2 & newer MPEG4 H.264 DVB-T broadcast, enjoy DVB-T broadcasts in every country regardless of which DVB-T format is broadcast.

Web Remote Record Scheduling

Access your DVR remotely via the web to set your recording schedule! With the help of an Electronic Program Guide (EPG) users simply select what shows to record, or program regular timed recording.

Web Remote File Browser

Play your downloaded video's and music not only in the comfort of your living room but anywhere life may happen to take you, your mobile or notebook. Simply log in over the internet with any web browser and access your digital media collection.

FTP Remote Access

The favourite way to transfer large files over the internet.

eSATA port

For direct connection with eSATA HDD.

New high definition user interface

Completely re-designed graphical user interface in high definition, providing exceptional picture quality as you navigate through all the features the Playon!DVR^{HD} has to offer.

NAS Network HDD / Media Player

Functions as NAS Network Drive accessible via networks. Plays / streams audio, video, image media from any device on your network.

Regular firmware update

As always, AC Ryan strives to enhance user experience and the Playon!DVR^{HD} is a product of the most active firmware development team, regularly releasing firmware updates with new and unique features that make AC Ryan the market leader.
