

Product Specification Sheet

USB Ultra-Mini Bluetooth 2.0 Adaptor with EDR

Part #: ACB74AU

Product Description:

The Targus USB Ultra-Mini Bluetooth® 2.0 Adaptor allows you to use Bluetooth devices with laptops or desktops that are not Bluetooth enabled. The Ultra-Mini Bluetooth 2.0 Adaptor provides wireless connectivity from up to 100m away, freeing users from messy cables for a clutter-free workstation. The ultra-mini, sleek design is ideal for users to connect and forget. Equipped with Enhanced Data Rate (EDR), this Bluetooth 2.0 adaptor allows wireless communication up to 3 times faster than Bluetooth 1.X adaptors.

Product Features and Specifications:

- **Function:** Add Bluetooth wireless connectivity to your laptop; connect up to 7 Bluetooth wireless devices simultaneously
- **Bluetooth Profiles Supported:** Serial port/object push, file transfer, basic imaging, dial-up networking, LAN access, Personal Area Network, Audio Gateway/Headset, Keyboard/mouse (HID), Hardcopy Cable Replacement (HCRP), AV Advanced Audio Distribution
- **Enhanced Data Rate:** Transfer rate is 3x faster than Bluetooth 1.X adaptors
- **Range:** Supports from up to 100m away
